DISTRICT COOPERATOR AGREEMENT

I am interested in the conservation of soil and water on my land. As a first step, with the assistance of my County Conservation District and NRCS, we will discuss my goals and put them into a conservation plan. It is understood that the plan will be based on the capabilities of the land and the needs of my desired operation. I will cooperate by implementing my conservation plan and installing the planned land use and treatments acceptable to me and feasible for me to install.

We, the Supervisors of Hillsborough County Conservation District, will furnish assistance to help develop a conservation plan and to help with the establishment of planned conservation measures in accordance with our resources and operating policies at the time the work is to be done.

This agreement will remain in effect until terminated in writing by either party.
