Volunteer Project: Conservation Project Photo Gallery

Background/Introduction:

The Hillsborough County Conservation District celebrated its 60th anniversary in 2006. The District would like to put together a photo gallery of different sites throughout the County that has taken advantage of funding through partner organizations, as well as farms still in existence.

Project responsibilities: Work with USDA Natural Resources Conservation Service to locate farms to photograph. Create a list of possible photo opportunities. Travel throughout the County and capture photos of farms and structures installed through the use of government funds. Create a PowerPoint presentation using these photos.

Project requirements: Upon completion of this project, the District will have a complete presentation of what conservation efforts have been done within the County. The PowerPoint presentation can be used at various meetings, events and as an introduction to the District.

Anticipated time for project will be discussed with student and advisor.

Organization Name: Hillsborough County Conservation District

Brief description of organization: The Hillsborough County Conservation District represents soil and water conservation at the local level. Formed in 1946 as a sub-division of the State of New Hampshire, State Statute 430:8, the District is managed by a volunteer Board of Supervisors. The District works with farmers, forest landowners, landowners, schools, and municipalities to promote the use, protection, and conservation of natural resources on both private and public land, both rural and urban. Our conservation programs in Hillsborough County are carried out through public education and the implementation of Best Management Practices (BMPs).

Intern Supervisor's Name/Title: **Kerry Rickrode, District Manager**
